

Notes on the Izumi Farmstay Program

- 1 This program offers our guests occasions for first-hand communication with local people through working with them in cooking, on-farm experiences, etc., with the important theme “Think of Life”.
- 2 On-farm experiences may be carried out even in the rain so that our guests an experience real life of the farmers. Raincoats will be provided in such cases.
- 3 Our guests are requested to make meals with their host families. Food allergies should be informed beforehand.
- 4 Pet allergies should also be informed beforehand so that those having such problems can be hosted by families without pets.
- 5 The registered families undertake training for safety and health measures including allergy problems. Every registered family takes this training at least once every year.
- 6 In case of emergency or accidents, relevant people will be mobilized as per the attached chart.
- 7 The program provides accident insurance and liability insurance for our guests.
- 8 All the safety measures and arrangement for this program are carried out by Kan Shiranui Planning(NPO).
 - 9 Only farmers who have voluntary car insurance are allowed to drive their guests.
